

2019 -2020 5TH GRADE ACTIVITIES + FUNDRAISING NEEDS

Dear 4th Grade Parents,

Fifth grade is a hallmark year! Our kids transition into greater independence and self-reliance. Planning is underway to make next year filled with fun, learning and service. Traditionally, the 5th grade families give their time and money to make these activities available for our kids.

Below is a list of what's in store for our 5th graders...

ACTIVITY	COST
Pali Institute Science Camp in Running Springs, CA This is a three-day, two-night overnight camp that emphasizes science curriculum, leadership and team-building, and outdoor skills. All 5 th graders are able to attend.	\$300 per student / Approx. \$25,500 total
Pali Transportation	\$4,500
A Day In the Park + Pool Day – Walking Field Trip This is a end-of-the-year full day of fun starting with games and playing in the park, swimming at the Plunge Pool and lunch. Iverbe Sports Camp or Prime Time Sports Camp will lead group games and activities.	\$2,000
Legacy Art Project You have seen the tiles on the school walls from previous LH 5th grade classes. Now is the time for our kids to do the same.	\$1,500
Community Service Project TBD on what we will be doing, but some funds will be allocated as a placeholder	\$200
Class T-Shirt Shirts will be designed by students and worn on their field trips throughout the year	\$850
5th Grade Promotion Decorations, Reception, Gifts	\$2,000
GRAND FUNDRAISING TOTAL	~\$36,550

We can only make these events possible with the participation of all of our 5th grade families!

If you can donate cash-great! If you can donate time-great! If we all give a combination of time and money, the goal is easily accessible. Fear not-every class, to date, has raised the funds they need- **SO CAN WE!**
